Summer 2020 Fellowships in Marine Extension

Applications due March 9, 2020

The Brian Doyle Undergraduate Marine Extension Fellowship provides a $3,000 stipend over an 8-week summer project (approximately June 1 to August 1, 2020).

Juniors and Seniors: Work with the NH Sea Grant Extension program to help individuals and organizations make informed decisions about marine resources while gaining hands-on field experience. Apply to work on our 2020 projects:

- Shellfish Practices and Public Health
- Beach Profiling and Dune Restoration

TO APPLY: seagrant.unh.edu/DoyleFellowship
Eligibility:
Undergraduate rising juniors, rising seniors, and graduating seniors from any four-year college or university in New Hampshire, and those who are New Hampshire residents (but may not necessarily attend a college/university in New Hampshire) are eligible to apply. Applicants can be enrolled in any major or course of study, and should have an expressed interest in marine science and public engagement.

Commitment:
8-week summer fellowship (approximate dates are June 1-August 1, 2020).

Stipend:
Recipients earn a $3,000 stipend. (Equivalent to $12/hr for 30-32 hours per week over 8 weeks.) Fellows are responsible for their own housing and transportation.

Application Materials:
Students interested in applying for a Doyle Fellowship must submit:

- 1-2 page Essay/Statement of Interest
- Resume/CV
- Letter of Recommendation from faculty member or advisor

The Statement of Interest should include a specific 2020 project (or projects) that the student would like to work on, as well as any particular goal(s) the applicant would like to achieve during the fellowship. 2020 projects are as follows:

1. **Shellfish Practices and Public Health**
2. **Beach Profiling and Dune Restoration**

To apply:
Application Deadline: March 9, 2020 by 5 p.m. Eastern

Materials can be submitted electronically to nh.seagrant@unh.edu or via mail to:

New Hampshire Sea Grant
Attn: Doyle Fellowship Selection Committee
122 Mast Rd
