The Top Ten Things I Learned While Out for Neck Surgery

#10 - They let you keep the gray socks they put on you for surgery that are nice and warm and have rubberized bottoms.

#9 - Reading is difficult on pain-killers, but TV seems to make more sense somehow.

#8 - Day surgery isn't necessarily minor surgery.

#7 - Do what the Doctor tells you, even though you may feel good and really want to help build the boat. Thanks to Jack, Bob, and all the boat builders for helping me and the family get it built!
